

SOFTWARE DEMONSTRATION TERMS OF SERVICE

THIS SOFTWARE DEMONSTRATION TERMS OF SERVICE (the “**Terms of Service**”) are made by and between **QuikCal LLC**, a North Carolina Limited Liability Company (“**Licensor**”), and the individual or entity desiring a demonstration of software and related services described in the Terms of Service (“**Licensee**”).

By clicking the “I Accept the Terms of Service” button or similar button or in the absence of such button, or in respect of which the Terms of Service is presented to Licensee, Licensee agrees to and accepts each of the terms, conditions and provisions of the Terms of Service. If Licensee does not agree to and accept each of the terms, conditions and provisions of the Terms of Service, Licensee may not use the Licensed Product (as defined below) and any other materials accompanying the Terms of Service.

1. Grant of License. Subject to the terms and conditions of the Terms of Service and for the sole purpose of evaluating certain software, including downloadable software and related technologies that may be made available by Licensor (“**Software**”), Licensor grants Licensee a limited, non-exclusive license to the Software that permits Licensee to use the Software; provided that Licensee may not use the output generated by the Software for commercial purposes. Licensee may also use the documentation included with the Software (collectively, “**Documentation**”) as is reasonable and necessary for Licensee to use the Software in connection with Licensee’s evaluation of the Software. If the distribution of the Software includes sample still and/or motion images (collectively, “**Sample Imagery**”), Licensee may use such imagery to the same extent as the Software during the term of the Terms of Service. (The Software, Documentation and Sample Imagery are collectively referred to as the “**Licensed Product**”).

2. Compensation. The charge for use of the Licensed Product by Licensee under the terms and conditions of the Terms of Service is \$10 USD, to be refunded by the Licensor to the Licensee at the Licensor’s discretion upon completion of the demonstration term.

3. Acknowledgements. Licensee acknowledges that: (a) Licensor’s purpose in granting Licensee use of the Licensed Product under the terms and conditions of the Terms of Service is to allow Licensor to evaluate the Licensed Product for the period of time determined by the Licensor; (b) the Licensed Product is and shall remain the exclusive property of Licensor and Licensor’s successors and assigns; (c) Licensee has no right or interest in the Licensed Product other than as expressly granted in the Terms of Service; (d) the demonstration version of the Software supplied by Licensor contains limitations compared to the full commercial version of the Licensed Product; (e) the demonstration version of the Software supplied by Licensor will only operate for the term of the demonstration as described in section 7 of the Terms of Service; (f) any data, analytics, feedback or suggestions for improvements or enhancements provided by Licensee to Licensor regarding the Licensed Product (collectively, “**Feedback**”) does not give Licensee any rights in any release of the Licensed Product; and (g) Licensor has no obligation to implement Licensee’s Feedback or other requirements in any release of the Licensed Product.

Licensee hereby irrevocably assigns and transfers to Licensor all of Licensee's right, title and interest in and to Feedback and all intellectual property associated therewith without any claim for any compensation from Licensor.

4. Transfer of License; Copy Protection. Licensee may not rent, loan, transfer, sublicense, lease or otherwise distribute or operate the Licensed Product to or for the benefit of any third party without the prior written consent of Licensor. Licensee may not assign all or any part of its rights or obligations under the Terms of Service without the prior written consent of Licensor and any attempt to the contrary will be void and a material breach of the Terms of Service. Licensee shall not disclose, assign, or transfer any copy control information (such as serial numbers or license keys) or attempt to defeat or circumvent any copy protection system or software intended to control installation, copying and other use of the Licensed Product without the prior written consent of Licensor.

5. Other Requirements and Restrictions.

(a) At the time of downloading or acquiring the Licensed Product, Licensee must provide true, correct and accurate information to Licensor concerning Licensee's identity (such as name and address) and the location of any demonstration of the Licensed Product.

(b) Licensee shall not disclose to any third party any information concerning any username, password or URL provided to Licensee to facilitate any demonstration of the Licensed Product without the prior written consent of Licensor.

(c) Licensee may not reverse engineer, decompile, disassemble, modify, or create derivative works of the Licensed Product or otherwise derive the source code to the Software. Without limiting the generality of the foregoing, Licensee shall not use a debugging tool to examine, operate or alter the Software or run the Software through a disassembly or source extraction system of any kind or create any derivative work of the Software. Licensee agrees that any information obtained in violation of the restrictions as set forth in this Section 5(c) will be confidential information automatically and irrevocably deemed assigned to and owned exclusively by Licensor. Licensee will ensure that all marks, notices, or legends pertaining to the origin, identity or ownership of the Licensed Product remain intact and clearly legible.

6. Licensee Grant of Access to Third Party Subcontractors

(a) Licensee agrees to be responsible for the actions or inactions of any subcontractor of Licensee that participates in, uses, or is any way affected by the Licensed Product.

(b) Licensee agrees that all such subcontractors will abide by the terms of this Agreement.

7. Copyright.

(a) The Licensed Product contains proprietary material of Licensor and/or material that other software and/or information suppliers have licensed to Licensor for use in the Licensed Product. This material is protected by copyright and other laws respecting proprietary rights. Licensor and/or its respective licensors retain all rights in the Licensed Product, including (without limitation) all proprietary rights worldwide in all media. Licensee may not use the Licensed Product except as expressly permitted under the Terms of Service and under U.S. and/or other applicable copyright laws with such programs.

(b) No part of the Licensed Product may be used, reproduced, or duplicated in any medium or format beyond the express terms of the Terms of Service without prior written authorization from Licensor. Any use or reproduction not authorized by the Terms of Service is prohibited and is a material breach of the Terms of Service.

(c) Licensee acknowledges that the Licensed Product and the materials therein are highly proprietary in nature and that unauthorized copying, transfer or use may cause Licensor irreparable injury that cannot be adequately compensated for by means of monetary damages. Licensee agrees that any breach of the Terms of Service by Licensee may be enforced by Licensor by means of equitable relief (including, but not limited to, injunctive relief) without the necessity of posting any bonds in addition to any other available rights and remedies.

8. Term & Termination.

(a) Term. The Terms of Service shall commence on the date that Licensee receives the Software and, unless terminated earlier, shall automatically terminate upon the completion of the demonstration period, the length of which is determined by the Licensor. Licensor may, in its sole discretion, extend the term of the Terms of Service by giving Licensee written notice which permits further use of the Licensed Product for a period of time determined by Licensor.

(b) Early Termination. If Licensee: (i) makes or distributes, or fails to prevent others from making or distributing, copies of the Licensed Product (except as expressly permitted by the Terms of Service) or modifications or derivations thereof; or (ii) breaches any provision of the Terms of Service, then the Terms of Service shall terminate automatically. The Licensor and the Licensee may terminate the Terms of Service, without cause and for any reason, at any time by written notice.

(c) Effect of Termination. Upon any termination of the Terms of Service, Licensee shall: (i) immediately discontinue use of the Licensed Product; (ii) remove the Licensed Product from Licensee's hardware; (iii) delete and destroy, or return to Licensor, all copies of the Licensed Product in its possession or control; and (iv) no later than ten (10) days after Licensor's request, deliver a certificate to Licensor signed by Licensee (if an individual) or by a properly authorized officer of Licensee certifying that the foregoing have been performed. Sections 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 shall survive the termination or expiration of the Terms of Service for any reason in accordance with their respective terms.

9. Disclaimer of Warranties. Licensor licenses and provides the Licensed Product to Licensee on an as-is basis. Licensor hereby disclaims any and all warranties and conditions with regard to the Licensed Product, including, but not limited to, all implied warranties and conditions of merchantability, fitness for a particular purpose, accuracy, title and non-infringement.

10. Limited Remedy. Licensee's sole and exclusive remedy for any damage or loss in any way connected with the licensing or use of the Licensed Product, whether or not by Licensor's breach of warranty, negligence, or any breach of any other duty, will be an additional demonstration of the Licensed Product at no expense to Licensee.

11. Limitations of Liability.

(a) General. In no event will Licensor be liable for damages arising out of the use or licensing of the Licensed Product or arising under the Terms of Service, whether in tort, contract or otherwise, to Licensee or any other person or entity.

(b) Consequential Damages. Licensor shall not be liable to Licensee or any other person or entity for any lost profits, or consequential, incidental, indirect, punitive, special, or similar damages, including, without limitation, damages for loss of data, impairment or loss of goodwill, work stoppage, computer failure or malfunction, loss of work product, or any and all other commercial damages or losses, direct or indirect, whether in tort, contract, or otherwise, even if advised of the possibility of such damages.

(c) The limitations of liability set forth in this section shall remain fully operative even if the limited remedy set forth in section 9 fails of its essential purpose or is otherwise held to be unenforceable.

12. Miscellaneous.

(a) Interpretation. The validity, interpretation, rights and obligations of the parties and any dispute arising under the Terms of Service shall be governed by the laws of North Carolina applicable to contracts between residents of North Carolina and wholly performed in North Carolina.

(b) Severability. If any provision of the Terms of Service shall be determined to be void, invalid, unenforceable, or illegal for any reason, then the validity and enforceability of all the remaining provisions hereof shall not be affected thereby.

(c) Failure to Exercise Rights. The failure of any party to exercise any of its rights under the Terms of Service for a breach thereof shall not be deemed to be a waiver of any subsequent breach of the same or any other provision.

(d) Titles. The titles of the Sections of the Terms of Service are for convenience only and do not in any way limit or amplify the terms and conditions of the Terms of Service.

The Terms of Service constitutes the entire understanding between the parties with respect to the subject matter of the Terms of Service and supersedes any and all prior and contemporaneous understandings, statements, warranties, representations and agreements, both oral and written, relating thereto.
